Hi Michael,

As per our conversation yesterday we would be very interested in discussing further the possibility of a dedicated space for a GoCar to be located at the new development in question.

Whenever the time is right we would like to come out to the site and look at the development and locate the best possible location to put in a car. I do understand this could be a few months down the line.

I have attached some info that you should find useful.

If you have any questions please let me know.

Kind regards

Ronan Finn
